RIGHT TO WORK		
METHOD	CHECKED	RECHECK DUE
Manual document check	17 Aug 2026, 16:07	-

Marsh Digital Ltd sets its own hours and place of work and carries the financial risk of rework.

Meridian Analytics Ltd determined on 5 June 2026 that the off-payroll rules do not apply, with reasons stated. The company is paid gross and accounts for its own tax.

Events are SHA-256 chained: each hash covers the previous hash, the actor, the event, the entity, the payload text and the time. Rows written since 16 August 2026 store the exact text hashed and can be recomputed from the row; earlier rows can be checked for linkage only. GET /api/compliance/audit-chain/verify walks the whole chain and says so.
